# Vitamins you should take this winter...

With the temperature dropping and the sun hibernating, there is no denying that winter is finally here...and with the season comes increased stress and strain on your immune system. While colds can strike at any time, they are more common in the autumn and winter. (According to the Centers for Disease Control and Prevention - CDC).

## TIPS:

- Wash your hands more frequently
- Avoid hanging out with friends who are sick
- Give your body an extra boost by adding a handful of winter vitamins & supplements to your daily regime

*These are 5 winter vitamins (& supplements) you should take this season:*

1. B-Vitamins
  2. Vitamin C
  3. Vitamin D
  4. Zinc
- (All found in the Canyon Ladies Formula &/or Student Fuel)
5. Probiotic supplements (Fithealth Super Acidophilus)
