Dear Canyonites,

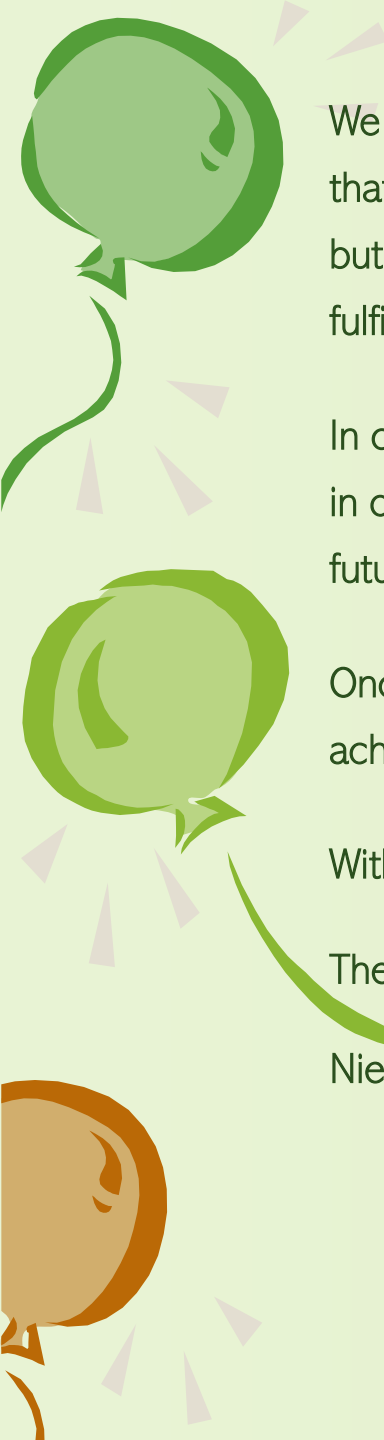

I trust this letter finds you in good health and good spirits.

The entire team at Inzpire Health would like to take a moment to express our gratitude and appreciation to each one of you in our Canyon Network.

It is with great pride and joy that we celebrate our 52nd anniversary of the Canyon Network. This goes without saying we acknowledge all the people past, present and future in the Canyon journey have added to the Canyon Network.

Canyon's journey began with a vision to empower individuals to foster entrepreneurship and create opportunities for financial independence.

Looking forward in the near future and the next few years we envision a more robust Canyon Network with new products being brought through, enlarging our scope to cater for a broader range of people through our KIDZ and ADULTZ products through Inzpire Gen and CeeBeDo. This coupled with the advancements in modernising the platform for communication and interaction with Canyonites will move the business to new heights. The opening up of the WhatsApp group platform is the start and we are sure that this has already improved the flow of information and two-way communication.

We are constantly striving to understand the business; consult relevant members to bring through innovation and change that supports the growth of the greater Canyon group. Our success will not be measured solely by financial achievements but by the lives we have touched, the dreams we have nurtured and the countless individuals who have found purpose and fulfilment through our network.

In closing, we want to extend our deepest gratitude to each member of our network. It is your resilience, tenacity and belief in our mission that has propelled us forward. Let us continue to work together, “inzpire” one another and build a legacy that future generations will be proud of.

Once again congratulations to all of us on 52 remarkable years of success. Here is to many more years of growth achievement and fulfilment.

With sincerest appreciation

The Inzpire Team
